

THE PLASTIC FREE PLEDGE

PLASTIC FREE
COMMUNITIES
SURFERS AGAINST SEWAGE

The carrier bag blowing through the park. The Coke bottle drifting down the river. The takeaway box half-buried on the beach. We don't have to be surfing, swimming or hiking to notice it. Plastic pollution has become just another part of life, connecting our everyday habits with the fate of our whole environment.

Plastic Free Communities is about mobilising villages, towns and cities to take collective, concrete action in the places that count. Not just to clean up our outdoor spaces, but to protect generations to come.

WE:

Make the plastic free Communities pledge to:

- 1** Work to remove at least three single-use plastic items from our day-to-day activities.
- 2** Commit to include our stance on single-use plastic in communications.
- 3** Raise awareness and support Plastic Free initiatives in the community.
